? What is GAICA Level 3?

GAICA Level 3 (Create) is an advanced assessment for upper secondary students, focused on designing AI solutions, analysing ethical trade-offs, and evaluating how AI systems are developed and governed. It is benchmarked at the UNESCO Create level.

Who is it for?

**Students in
Grades 10–12**

Students beginning to
learn how AI works in
daily life.

**Schools with Advanced
Programmes**

Ideal for IB, A-level, pre-
university, and advanced STEM
pathways seeking a rigorous
international AI credential.

**GAICA Level 2
Graduates**

For students who achieved Pass
or above at Level 2 and are ready
for the most advanced GAICA
level.

What does it assess?

**Human-Centred
Mindset**

Designing AI applications
that centre human values,
responsible choices, and
accountability.

Ethics of AI

Analysing complex ethical
dilemmas involving privacy,
fairness, safety, and
governance.

**AI Techniques
& Applications**

Evaluating AI approaches,
limitations, outputs, and
data strategies in real
contexts.

**AI System Design
& Thinking**

Designing and improving
end-to-end AI systems
while balancing
competing constraints.

GAICA Level 3 — Create

Assessment details, certificate, sample questions, and preparation resources.

ASSESSMENT STRUCTURE

 Level 3 • Grades 10–12	 50 questions
 90 minutes	Difficulty profile: • 20% Foundational • 40% Intermediate • 40% Advanced
 English (CEFR A2–B1)	

PERFORMANCE BANDS

 Distinction	85–100
 Merit	70–84
 Pass	50–69
 Developing	below 50

SAMPLE SCORE CERTIFICATE

-  **Personalised certificate**
-  **Domain score profile**
-  **School summary report**
-  **Class performance report**

SAMPLE QUESTIONS

- Q1** A social media platform uses AI to remove hate speech but wrongly removes many posts from minority communities. What is the most responsible action?
- Q2** Your school uses AI-written end-of-year reports without telling parents, and one report contains an inaccurate statement. What is the most serious ethical problem?
- Q3** Which design change would best make the AI report system more responsible?

PREPARATION RESOURCES

 Test-taker Guidebook Covers all 8 question types, including case clusters, with examples and guidance.	 GAICA Level 3 Study Textbook Covers all four Create-level domains, including design and ethics cases.	 Online Preparation Sessions (×2) Two live 1-hour online sessions focused on AI system design and ethics.	 School Report Suite A credential for university and scholarship applications.
